

**ITOCHU LOGISTICS CORP. obtains CEIV Pharma Certification at  
Kansai International Airport**

March 2022 - ITOCHU LOGISTICS CORP. (Head Office: Minato-ku, Tokyo. President & CEO Kazuhide Sasa) announced that it has obtained the CEIV Pharma certification (\*), a quality certification program of air freight transportation for pharmaceutical products.

ITOCHU LOGISTICS CORP. participated in the KIX Pharma community established by the Kansai International Airport (KIX) and with the support of KIX, has proceeded to obtain the CEIV Pharma certification.

ITOCHU LOGISTICS CORP.'s efforts in providing safe/secure and high quality pharmaceutical logistics services meeting global standards were recognized and the company was awarded with the CEIV Pharma certification. The company will continue to improve the quality of its logistics services and to expand its global supply chain logistics in order to meet our customer needs.

ITOCHU LOGISTICS CORP. also plans to obtain the CEIV Pharma certification at Narita International Airport during the summer ~ autumn of 2022.

\*CEIV Pharma (The Center of Excellence for Independent Validators in Pharmaceutical Logistics) : A quality certification program established by the International Air Transport Association ("IATA") for the air transport of pharmaceutical products. As a unified standard for air transport of pharmaceutical products, CEIV Pharma comprehensively covers the GDP guidelines globally and aims to establish a supply chain with high quality standards.
